Exhibit B “Consulting Services and Trainings”

Subject to Customer's compliance with the Agreement (including this Exhibit) and, in particular, the timely payment of all applicable Fees, Camunda shall provide Consulting Services and Trainings to the Customer, upon Customer's request, in accordance with the terms set forth in this Exhibit.

Capitalized terms used but not defined in this Exhibit shall have the meaning ascribed to them in the Agreement.

Part I: Consulting Services

1 Delivery and Performance of the Consulting Services

1.1 If Customer desires to purchase Consulting Services, Customer shall submit a request in this regard to Camunda. Camunda shall assess together with the Customer the suitability of the requested Consulting Service(s) against the Customer's specific needs. In the event that, after the Consulting Service Start Date, the Customer requires a change in the scope of the purchased Consulting Service as initially agreed upon, and such change results in additional work by Camunda's assigned consultant(s), Camunda reserves the right to adjust the fees accordingly. Camunda will consult with the Customer to determine the new pricing conditions based on the additional

consulting work required. If no agreement is reached between the Parties as regards the scope change for the purchased Consulting Service and the new pricing conditions, the Parties agree that Camunda shall continue providing the purchased Consulting Service according to the initially agreed scope.

Consulting Services may be delivered on-site or remotely, for cost or free of charge, always subject to the agreement between the Parties as reflected in the relevant Order Form. Unless otherwise set forth in the relevant Order Form, Consulting Services do not include specified deliverables, acceptance of deliverables, a set schedule, access to Camunda technical support (other than from the designated engineer performing the Consulting Services during the term), or the provision of other Camunda products or services.

1.2 While the default delivery mode of Consulting Services is remote, specific hours or days of on-site Consulting Services may be agreed between Camunda and Customer on a case-by-case basis. In case of on-site Consulting Services being provided by Camunda, the number of on-site hours or days of Consulting Services, the specific location, the cost for such Consulting Services shall be agreed upon by the Parties.

1.3 All Consulting Services are performed by knowledgeable and experienced professionals selected by Camunda. If the consultant provided by Camunda cannot meet the scheduled appointment or workshop, Camunda is obliged to propose a replacement consultant or to reschedule the appointment or workshop. If the Customer reasonably objects to the replacement consultant or no agreement on an alternative date can be reached, it is up to the Customer to withdraw from the respective appointment or workshop. In this case, Camunda has no claim to compensation. For the avoidance of any doubt, in cases where the Customer has purchased a specified number of hours of Consulting Services which involve several appointments or workshops, the Customer's withdrawal right shall not affect the remaining appointments or workshops.

1.4 In order to provide the Consulting Services, Camunda does not require access to the Customer's information system resources and networks and will only do so if explicitly requested by the Customer. Notwithstanding the foregoing, if explicitly requested by the Customer, the Parties agree that the following actions shall not be considered an access to the Customer's information system resources and networks:

- i. consulting an employee of the Customer in the performance of work on the Customer's employee's computer;
- ii. accessing the Customer's employee's computer via a screen sharing session; or
- iii. accessing the network systems of the Customer via an assigned internet account.

1.5 If the Order Form under which the Customer purchases Consulting Services specifies a period of performance, the Consulting Services must be utilized within that period unless otherwise provided by the Parties. Any Consulting Services not utilized within the specified period of performance will expire without replacement or refund.

1.6 If Camunda offers any of the Consulting Services free of charge, the Parties can also agree on the applicable terms for such Consulting Services via email only. By receiving the Consulting Services, the Customer agrees to the terms of the Agreement, including this Exhibit.

2 Warranties

THE PARTIES ACKNOWLEDGE THAT THE TERMS INCLUDED IN THIS EXHIBIT ARE TERMS AND CONDITIONS FOR SERVICES ONLY AND NOT FOR THE SUPPLY OF GOODS. THE CONSULTING SERVICES ARE DELIVERED "AS IS", WITHOUT ANY KIND OF WARRANTY. CAMUNDA PROVIDES NO WARRANTY (EXPRESS, IMPLIED OR STATUTORY) AND SPECIFICALLY DISCLAIMS ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT, AND MAKES NO WARRANTIES REGARDING ERROR-FREE OR UNINTERRUPTED USE WITH RESPECT TO THE CONSULTING SERVICES, ANY RELATED DOCUMENTATION OR RELATED SOFTWARE. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY CAMUNDA, ITS DISTRIBUTORS, AGENTS, CONTRACTORS OR EMPLOYEES SHALL IN ANY WAY INCREASE THE SCOPE OF

THIS WARRANTY. THIS WARRANTY DISCLAIMER CONSTITUTES AN ESSENTIAL PART OF THIS AGREEMENT, AND CAMUNDA WOULD NOT BE ABLE TO PROVIDE THE CONSULTING SERVICES WITHOUT SUCH LIMITATIONS.

3 Event Cancellation or Change

A cancellation or postponement of an appointment agreed upon by the Customer during which Camunda was to provide a Consulting Service to the Customer is free of charge if it is made up to 7 calendar days before the agreed date. In all other cases, Camunda can charge the following compensation:

- Cancellation: 80% of the agreed rate;
- Postponement: 30% of the agreed rate.

Part II: Trainings

1 Definitions

Materials means all information, data, products, algorithms, code, sample code in source code format, graphics, images, courses, software, visual or audiovisual combinations or any other content submitted, uploaded, imported, communicated or exchanged to facilitate the provision of Trainings through Camunda Academy, in any media or format, including related documentation, improvements, updates, patches and enhancements, as well as any output and result that Camunda may provide or make available on Camunda Academy for the purpose of enabling the Customer to receive the Trainings, and test and deepen Customer's knowledge of the topics addressed by such Trainings.

2 Provision of Trainings

During the Subscription Term, the Customer may book and have access to Trainings via Camunda Academy, as described herein.

2.1 Camunda offers two types of Trainings:

- (i) On-demand trainings ("**On-Demand Trainings**") are a collection of Trainings and courses that are always available online by accessing Camunda Academy and that have been curated to provide an efficient way for customers to quickly acquire basic knowledge on Camunda's products.
- (ii) Instructor-led trainings ("**Instructor-Led Trainings**") are Trainings and courses on Camunda's products, purchased via an Order Form and facilitated by a dedicated instructor. Instructor-Led Trainings are delivered on-site or remotely via Camunda Academy.

2.2 All Trainings include proprietary training modules developed and owned by Camunda, including, but not limited to, the Materials.

2.3 Trainings can be free of charge or paid.

3 Attendance confirmation and certificates

Upon successful completion of any Trainings, Customer will receive a certificate of completion which will be available for download in Customer's account on Camunda Academy.

4 Cancellation of Trainings by Camunda

4.1 In case of paid Trainings to be delivered on-site for which less than 4 participants have registered, Camunda reserves the right to cancel or reschedule the dates of such Trainings, if necessary, with at least 21 calendar days' notice before the date when such Trainings should have taken place.

4.2 Camunda reserves the right to cancel or reschedule the date of paid Trainings, for any reason, with at least 7 calendar days' notice to the Customer (in case of remote paid Trainings) or with at least 21 calendar days' notice (in case of on-site paid Trainings) before the date when such Trainings should have taken place.

4.3 In case of cancellations pursuant to the preceding paragraphs, Camunda will issue a full refund to the Customer within thirty (30) days of cancellation.

4.4 If a paid Training is cancelled due to an Event of Force Majeure (as defined in the Agreement), illness of the instructor or other circumstances for which Camunda is not responsible, Camunda's sole liability, and Customer's sole and exclusive remedy, will be for Camunda to offer the Customer an alternative date for such paid Training. If no agreement is reached on an alternative date, the Customer is free to withdraw its registration for the cancelled Training by providing prompt written notice to Camunda, and if the training fee has already been paid, Camunda will refund the fee to the Customer within thirty (30) days of cancellation.

4.5 In case of a rescheduling of a paid Training, Camunda is only liable to the Customer for gross negligence or wilful misconduct. This limitation of liability does not apply in case of death and bodily injury.

5 Updates to Camunda Academy and the Trainings

Camunda may from time to time provide updates to Camunda Academy or the Trainings provided via Camunda Academy, including updates to Training content. Such updates shall be implemented automatically without any notice to the Customer.

Exhibit C “Camunda SaaS Enterprise”

The following Exhibit applies to all Camunda SaaS Enterprise Subscriptions. In case of a conflict between this Exhibit and any other clause of the Agreement, the terms of this Exhibit will prevail.

1. Definitions

Definitions not otherwise defined in the Agreement or in the Documentation will have the meanings ascribed to them in this Section.

Alpha Version means a pre-release Version of Camunda SaaS Enterprise.

Availability Service Credit means the percentage of any Total Monthly Fees credited to Customer's invoice in accordance with Section 8 (Availability Targets and Availability Service Credits) of this Exhibit.

Availability Targets means the guaranteed Monthly Uptime Percentages set forth in Section 8 of this Exhibit. Cluster means a deployment of a Core Automation Cluster for Camunda SaaS Enterprise.

Core Automation Cluster refers to the essential set of components that are responsible for automating processes and decisions. This includes Zeebe, Operate, Tasklist, Optimize and Connector Runtime.

Development Cluster is a Cluster provided for development purposes and non-production usage.

Downtime means the total number of minutes during a calendar month for a given component during which that component is unavailable, excluding any Excluded Downtime. A minute is considered to be unavailable for a given component if all continuous attempts by Camunda's monitoring system to establish a connection to that component within that minute fail. Partial minutes of unavailability will not be counted as Downtime.

Excluded Downtime means any minutes of Downtime resulting in whole or in part from any of the following:

- a. suspension of Customer's use of Camunda SaaS Enterprise in accordance with this Agreement;
- b. Customer's use of Camunda SaaS Enterprise outside the Hosting Packages;
- c. Customer's breach of this Agreement or unauthorized actions through Customer's Account;
- d. factors outside of Camunda's reasonable control, including but not limited to any Event of Force Majeure (as defined in the Agreement), Customer's systemic internet issues, Customer's inadequate bandwidth, and any other act or omission of any third party services, hardware or software provider;
- e. Customer's failure to use Camunda-supported clients with acceptable configuration values as defined in the Documentation;
- f. failure by Customer to take any reasonable remedial action in relation to Camunda SaaS Enterprise as recommended by Camunda to prevent Downtime, or otherwise preventing Camunda from doing taking such remedial action;
- g. Customer's negligence or willful misconduct, which may include failure to follow agreed-upon procedures;
- h. any:
 - i. scheduled Maintenance Work that takes place upon at least five (5) days' notice;
 - ii. ad hoc Maintenance Work carried out to avoid future unavailability, address high security risks or high risks for overall platform stability, and provide other critical Patches or
 - iii. updates to Clusters initiated by Customer; or
 - iv. Customer's failure to provide information required by Camunda to provision or run any Cluster.

Hosting Packages means the applicable Basic, Standard or Advanced hosting capabilities reserved by Customer.

Maintenance Work means the development and adaptation of Camunda SaaS Enterprise by Camunda in order to improve Camunda SaaS Enterprise and/or introduce new functions or eliminate Errors, which may lead to unavailability.

Malware means any computer code or other computer instructions, devices or techniques (including without limitation those known as Trojans or time bombs) that are intentionally designed to disrupt, disable, harm, infect, defraud, damage, or otherwise impede in any manner the operation of a network, computer program or computer system.

Management Application Cluster refers to the rest of components outside of the Core Automation Cluster that are responsible for allowing users to design and make processes and decisions executable. This includes Web Modeler and Console.

Monthly Uptime Percentage means, for any component, the total number of minutes in a calendar month minus the number of minutes of Downtime in that month, divided by the total number of minutes in that month. Any component within a Cluster which is provisioned and running for only a part of a calendar month is deemed to be 100% available during the portion of the month in which that Cluster was not provisioned and running.

Reserved CPU Cores means the number of CPU cores purchased by Customer, as set out in any Order Form.

Reserved GB RAM means the gigabytes of RAM purchased by Customer, as set out in any Order Form.

Reserved GB Storage means the gigabytes of storage purchased by Customer, as set out in any Order form.

Stable means, in relation to a Cluster, that the Cluster uses a Version of Camunda SaaS Enterprise which is not an Alpha Version. Total Monthly Fee means the amount equal to the annual recurring fees for the respective Subscription divided by twelve.

2. Registration. Right to use Camunda SaaS Enterprise and Alpha Offerings

2.1 In order to use Camunda SaaS Enterprise and the Services, Customer must register for a Camunda SaaS Enterprise Account (the “**Account**”). By creating the Account, Customer acknowledges that it is responsible for maintaining the security of this Account (including, but not limited to, login credentials and security keys) and for all activities that occur under this Account. Customer agrees to promptly notify Camunda of any unauthorized use of the Account, or any other breaches of security of which Customer becomes aware. Camunda shall not be liable for any acts or omissions of the Customer or any Third Party’s, nor for any damages of any kind arising from such acts or omissions. Subject to the terms of the Agreement and its Exhibits, any notifications regarding Camunda SaaS Enterprise or the Services will be sent to the email address registered with this Account.

2.2 During the Subscription Term, and subject to Customer’s compliance with this Agreement, Camunda grants Customer a limited, non-exclusive, non-transferable, and non-sublicensable right to use Camunda SaaS Enterprise within the Permitted Usage and the Hosting Packages.

2.3 From time to time, Camunda may invite Customer to try alpha products or services (“**Alpha Offerings**”) at no additional charge.

Alpha Offerings will be clearly designated as alpha, beta limited release, developer preview, non-production, evaluation, or a similar description. Customer may accept or decline any such Alpha Offerings in its sole discretion and agrees that any Alpha Offerings are for evaluation purposes and not for production use, are not supported by any Services, and may be subject to additional terms. Camunda may discontinue Alpha Offerings at any time in its sole discretion and may or may not make them generally available. Clusters containing Alpha Offerings cannot be updated to newer Versions: accordingly, Customer will need to delete such Clusters and replace them with a new Cluster to receive subsequent Versions Camunda SaaS Enterprise. Camunda will have no liability (including under any indemnities in this Agreement) for any harm or damage arising out of or in connection with a Alpha Offering, which is provided “as is”, exclusive of any warranty whatsoever.

3. Restrictions

3.1 Customer shall not: (i) execute or attempt to execute any Malware in Camunda SaaS Enterprise or use or attempt to use Camunda SaaS Enterprise to transmit Malware; (ii) use Camunda SaaS Enterprise to store or distribute any information, material or data that is harassing, threatening, infringing, libelous, unlawful, obscene, or which violates the rights of any third party; (iii) use Camunda SaaS Enterprise to compete against Camunda; (iv) use Camunda SaaS Enterprise for purposes of monitoring performance or functionality (for example via penetration testing) other than for the purposes of measuring Downtime, or for any other benchmarking or competitive purposes including, without limitation, for the purpose of designing and/or developing any competitive services; (v) except as expressly permitted herein, make access to Camunda SaaS Enterprise through Customer’s Account available to any third party; (vi) sell, resell, rent, lease, offer any time sharing arrangement, service bureau or any service based upon Camunda SaaS Enterprise; (vii) interfere with or disrupt the integrity, security or performance of Camunda SaaS Enterprise or Third Party data contained therein; (viii) attempt to gain unauthorized access to Camunda SaaS Enterprise or any associated systems or networks; or (ix) modify, make derivative works of, disassemble, decompile or reverse engineer Camunda SaaS Enterprise or any component thereof; (x) perform or attempt to perform any actions that would prevent use of Camunda SaaS Enterprise by Camunda’s other licensees or customers.

3.2 If Camunda believes, in its sole discretion, that Customer has violated or attempted to violate this Agreement, that the use of Camunda SaaS Enterprise by Customer represents a material security risk or that the Customer uses an unsupported Version as defined in Exhibit A Section 2., Camunda may suspend Customer’s use of Camunda SaaS Enterprise until the violation or security risk

has been corrected or update the Version used by Customers to a newer Version. Camunda will use reasonable efforts to provide Customer with advance written notice prior to implementing such suspension.

3.3 Notwithstanding any exclusion or limitation defined in the Agreement, Customer will indemnify Camunda from and against all and any losses, liabilities, damages, demands, costs and expenses (including court costs and reasonable attorneys' costs up to any applicable statutory cap) arising out of or relating to claims brought against Camunda by Third Parties which are based on a violation by Customer of any of the use restrictions set forth under limbs (i), (ii) and (iv) of Section 3.1 above.

4. Availability and Maintenance Work

4.1 Camunda will use commercially reasonable efforts to ensure a Monthly Uptime Percentage for the Camunda SaaS Enterprise as set out in Section 9 of this Exhibit. Any Errors affecting the Monthly Uptime Percentage must be reported to Camunda as soon as reasonably practicable via the agreed-upon reporting method.

4.2 Camunda will use reasonable efforts to provide advance notice of any Maintenance Work, and will carry out any non-emergency Maintenance Work leading to an interruption of technical usability outside Business Hours. However, Camunda is entitled to carry out ad hoc Maintenance Work to avoid future unavailability, address high security risks or high risks for overall platform stability, and provide other critical Patches or hotfixes. Customer agrees that Camunda may access Customer's Clusters in order to carry out Maintenance Work.

5. Technical Requirements

Customer has and will retain sole responsibility for Customer's information technology infrastructure, including computers, software, databases, electronic systems (including database management systems) networks and internet services, whether operated directly by Customer or through the use of Third Party services, required to use or receive Camunda SaaS Enterprise and the Services.

6. Telemetry Data

For the purpose of this Section, "**Telemetry Data**" means all information and data of Customer collected in connection with Customer's use of Camunda SaaS Enterprise, including but not limited to information about browsers, implemented clients, and related pages accessed by users, API calls and Camunda SaaS Enterprise Version. It may contain Personal Data such as hashed IP addresses, email addresses and identifiers, including cookies, but is generally technical, aggregated or pseudonymized. Customer acknowledges that certain features used in connection with Camunda SaaS Enterprise are configured to collect and report Telemetry Data to Camunda to improve the user experience, to track usage of Camunda SaaS Enterprise, to ensure the security, stability and functionality of Camunda SaaS Enterprise and provide support to Customer, such as guidance that will help optimize usage. Camunda will use Telemetry Data subject to applicable law and Camunda's Privacy Policy, which is available at <https://camunda.com/legal/privacy/>.

Customer hereby consents and grants Camunda a worldwide right to collect, host, copy, use, execute, transmit and display Telemetry Data, Customer applications and any Third Party products, as necessary to provide and improve Camunda SaaS Enterprise and the Services to Customer. Camunda will not acquire any right, title or interest from Customer in or to any information processed or transmitted by or on behalf of Customer in Camunda SaaS Enterprise or in connection with performance of the Services during the Subscription or to Third Party products.

7. Disclaimer of Warranties for Development Clusters

NOTWITHSTANDING ANY OTHER CLAUSE IN THIS AGREEMENT, DEVELOPMENT CLUSTERS ARE PROVIDED "AS-IS" WITHOUT ANY WARRANTY AND CAMUNDA SHALL HAVE NO INDEMNIFICATION OBLIGATIONS NOR LIABILITY OF ANY TYPE

WITH RESPECT TO DEVELOPMENT CLUSTERS. TO THE MAXIMUM EXTENT PERMITTED UNDER APPLICABLE LAW, CAMUNDA SPECIFICALLY DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT WITH RESPECT TO DEVELOPMENT CLUSTERS. WITHOUT LIMITING THE FOREGOING, CAMUNDA DOES NOT REPRESENT OR WARRANT TO CUSTOMER THAT: (A) CUSTOMER'S USE OF DEVELOPMENT CLUSTERS WILL MEET CUSTOMER'S REQUIREMENTS, OR (B) CUSTOMER'S USE OF DEVELOPMENT CLUSTERS WILL BE UNINTERRUPTED, TIMELY, SECURE OR FREE FROM ERRORS.

8. Availability Targets and Availability Service Credits

8.1 Camunda will ensure Availability Targets for the Core Automation Cluster within a Stable Cluster as defined in the applicable Availability option below (Basic, Standard or Advanced Hosting Package). For Management Application Clusters, Camunda will ensure Availability Targets of 99.0% within a Stable Cluster. Availability Targets do not apply to Alpha Versions or Alpha Offerings of Camunda SaaS Enterprise or to components within Clusters using an unsupported Version of Camunda SaaS Enterprise (as specified in Section 2 of Exhibit A of this Agreement). If Camunda misses the Availability Targets for the Core Automation Cluster within a Stable Cluster in any calendar month, Camunda will provide the following Availability Service Credit, calculated as a percentage of the Total Monthly Fee:

Basic Hosting Package:

Availability Target 99%	Availability Service Credit
Less than 99% but equal to or greater than 98.5%	1.5%
Less than 98.5% but equal to or greater than 98.0%	3%
Less than 98.0%	4.5%

Standard Hosting Package:

Availability Target 99.5%	Availability Service Credit
Less than 99.5% but equal to or greater than 99.25%	3%
Less than 99.25% but equal to or greater than 99.0%	4.5%
Less than 99.0%	6%

Advanced Hosting Package:

Availability Target 99.9%	Availability Service Credit
Less than 99.9% but equal to or greater than 99.8%	4.5%
Less than 99.8% but equal to or greater than 99.7%	6%
Less than 99.7%	7.5%

8.2 Customer will not be eligible to receive any Availability Service Credits if, on the date that an Availability Service Credit is requested, any Fees then due and payable by Customer are outstanding. To receive an Availability Service Credit, Customer must submit a claim by logging a support ticket. To be eligible, the credit request must be received by Camunda within five (5) calendar days after the last day of the month in which Camunda SaaS Enterprise has not met the Availability Targets within any Cluster.

8.3 Camunda will evaluate Customer requests and determine in good faith whether an Availability Service Credit is owed based on its system logs, monitoring reports, configuration records, and other available information. If Camunda confirms that the Monthly Uptime Percentage applicable to the month of such request did not meet the Availability Targets, then Camunda will apply the Availability Service Credit to Customer against the next invoice related to this Subscription. Customer's failure to provide the request and other information as required above will disqualify Customer from receiving an Availability Service Credit. Availability Service Credits are not refundable in cash and can only be used as a credit against future invoices. Availability Service Credits are exclusive of any applicable taxes charged to Customer or collected by Camunda. Availability Service Credits are Customer's sole and exclusive remedy for any unavailability of Camunda SaaS Enterprise within Clusters. Availability Service Credits expire without refund twelve (12) months from issuance.

Exhibit D "Camunda Self-Managed Enterprise"

The following Exhibit applies to all Camunda Self-Managed Enterprise Subscriptions. In case of a conflict between this Exhibit and any other clause of the Agreement, the terms of this Exhibit will prevail.

1. Delivery

Camunda shall provide the Software in object code only; no physical format shall be delivered. Promptly after execution of the initial Order Form, Camunda will provide the Customer with the license key to the Software which the Customer will be able to access electronically under <https://docs.camunda.io>. For purposes of the applicable Order Form, the Software will be deemed to have been delivered to Customer upon provision of such license key ("**Delivery**") and the Software is deemed to be accepted by Customer upon Delivery. For every Renewal Term, Customer acknowledges and agrees that there is no further Delivery requirement. In such case, the Software shall be deemed delivered on the first day of the then-current Renewal Term of the applicable Subscription.

2. License rights for Camunda Self-Managed Enterprise

2.1 License Grant

Subject to Customer's material compliance with the terms and conditions of this Agreement, Camunda hereby grants to Customer a limited, non-exclusive, non-transferable (except as otherwise set forth herein), non-sublicensable license, during the Subscription Term and within the scope of the Permitted Usage (but without limiting any licensed rights granted under applicable Public Software) to (i) install, run, and use the Software, (ii) develop Solution Package, (iii) allow a Contractor or an Affiliate to use the Software as outlined in

(i) or (ii) of this Section of this Agreement solely in the context of performing services on behalf of Customer and subject to all of the restrictions of this Agreement (including but not limited to the license restrictions found in this Agreement, the confidentiality obligations, and the export regulations), (iv) permit Affiliates to use the Solution Package without passing on the license key, and (v) offer the Solution Package to Affiliates or Third Parties as software-as-a-service (SaaS) offerings. Within each Tenant, the Customer may use the Software with unlimited PI usage for developing, testing and staging.

2.2 License Restrictions

Except as expressly authorized in this Agreement, Customer will not, and will not permit any Affiliate or Contractor to: (i) reverse engineer, decompile, decrypt or otherwise derive the source code to the portions of the Software, except as permitted by law; (ii) modify or copy any part of the Software; (iii) use the Software for any purpose other than as specifically authorised herein; (iv) sell, hire out, lease, distribute or lend the Software as such or as part of an Solution Package to any Third Party; (v) circumvent any restrictions on use of the Software, including those which are imposed or preserved by a license key; (vi) exceed the Permitted Usage; (vii) use the Software other than in accordance with this Agreement or the applicable Order Form or any applicable laws and regulations (including but not limited to any privacy laws, and laws and regulations concerning intellectual property, consumer and child protection, obscenity or defamation); (viii) use the Software for a product or service that offers no substantial, additional value-added software application features and functions, in addition to the features and functions of the Software or provide the Software to an Affiliate or a Contractor in order to do so, or (ix) remove or alter copyright notices, serial numbers or other program identification features, patent notices, trademarks, logos, trade secrets and suchlike, unless Camunda has provided prior written consent to any such action or use.

2.3 License Grant to Public Software

The licensed rights in any Public Software or Third-Party Public Software included in the Software are determined by the applicable Public Software or Third-Party Public Software license and not this Agreement. Camunda cannot or does not control, and cannot negotiate or change, the terms of the applicable Public Software or Third-Party Software licence. Despite the foregoing, no Public Software or Third-Party Public Software applicable to software programs included in the Software will restrict the licensed rights otherwise granted to the Customer under this Agreement. Any Third-Party Public Software or Public Software is listed in the Documentation together with the respective copyright notices and license texts. The Customer shall be responsible for its compliance with all Public Software or Third-Party Public Software licenses included in the Software.

3. Reporting

3.1 Reporting

After each 3 months term of a Subscription and within twenty-one (21) days, Customer will report the number of PI, Tenants and STP-Tenants used via email to Camunda.

3.2 Auditing

For the term of this Agreement and for a period of one (1) year after termination or expiration of the Subscription and solely in case Camunda does not receive the report described in the previous Section or Camunda reasonably believes that the report may be materially inaccurate, Camunda will have the right, once per calendar year and with reasonable notice to Customer, to have Customer's records inspected and audited to verify compliance with the Permitted Usage. Any such audit will take place during normal business hours and will be conducted in accordance with applicable government requirements, if any. Customer will bear the costs for the audit and Customer agrees to pay any underpayment to Camunda within thirty (30) days of receiving notice of the underpayment.

3.3 Telemetry Data

For the purpose of this Section, “**Telemetry Data**” means both quantitative and qualitative data, including, but not limited to, hashed IP addresses, error logs, crash reports, bugs, and information about browsers, hosts, services, Permitted Usage and related pages accessed by users, API calls, Software Version, infra technology and database technology used to run the Software as well as product usage. Customer acknowledges that certain features used in connection with the Camunda Self-Managed Enterprise Subscription are configured to collect and report Telemetry Data to Camunda to ensure the stability and functionality of Camunda Self-Managed Enterprise and to improve the user experience. Customer may enable this functionality at the start of every Subscription and hereby consents and grants Camunda a worldwide right to collect, host, copy, use, execute, transmit and display Telemetry Data, Customer applications and any Third Party products, as necessary to provide and improve Camunda Self-Managed Enterprise and the Services to Customer. Camunda will use the Telemetry Data subject to applicable law. Camunda will not acquire any right, title or interest from Customer in or to any information processed or transmitted by or on behalf of Customer in Camunda Self-Managed Enterprise or in connection with performance of the Services during the Subscription or to Third Party products.
